## Summary

### About this Release

Data by Region is an application on the ABS website that enables clients to search, browse, explore to find statistics about different regions in Australia. Available statistics are arranged under the broad themes of People, Economy, Industry, and Energy and Environment.

Data for 2010-14 is available for Local Government Areas, Australian Statistical Geography Standard regions (Statistical Areas 2, 3 and 4, and Greater Capital City Statistical Areas), States/Territories and Australia.

This update includes new data for Counts of Business Entries and Exits, as well as updated information on Patents and Trademarks.

Updates for this product will be released regularly as new data becomes available.
